TBarCode/SAPwin

Barcode DLL for SAP®

SAPlpd, SAPsprint, SAPWIN

Bar Code Extension for SAPlpd, SAPsprint, SAPWIN.DLL

Bar Code Printing for all Printers

Barcode Printing for R/3®

TBarCode/SAPwin offers device and SAP® R/3®-release independent bar code printing.

The product integrates seamless into the SAP® printing process. It enhances all printers, which are used with SAPlpd, SAPsprint or the SAPWIN.DLL with bar code functionality.

Printer Independent

TBarCode/SAPwin is 100% software. It adds bar code functionality to all printers. Printer manufacturers or printer models are no longer relevant. Upgrading printers with cost-intensive extensions like SIMM's or DIMM's is not required.

Easy Installation and Deployment

TBarCode/SAPwin is installed with a few mouse clicks as an extension to SAPlpd or SAPsprint. In addition, automatic enterprise-wide deployment or server-based installations are of course supported.

All Barcodes

TBarCode/SAPwin prints more than 80 different barcode symbologies. Linear barcodes as well as 2D barcodes with high data density are generated on demand.

The broad range of barcode symbologies makes *TBarCode/SAPwin* the ideal add-on for all printing tasks. Virtually all business or industry requirements are covered.

Simple Maintenance

The most common barcodes are already pre-defined by SAP®. As long as only those barcode types are used, no additional configuration efforts are required. Adding or changing barcode print-controls is possible within minutes.

No SAPscript Changes

The use of *TBarCode/SAPwin* does not force the user to change standard SAPscript® forms.

Highlights

Cost Savings

- *Minimal Cost of Ownership*
  The transparent licensing scheme enables customers to put a cost effective bar-coding solution into operation.
- *Absolutely Printer and Hardware Independent*
  TBarCode/SAPwin turns virtually all printers available on the market into bar-coding machines. You are not bound to specific printer models or manufacturers anymore.

Operation and Maintenance

- *Easy to Install, Easy to Maintain*
  Simply install TBarCode/SAPwin on your computers. No printer upgrade or maintenance is required.
- *SAP R/3 Release Independent*
  TBarCode/SAPwin is installed as an extension for SAPlpd or SAPsprint. The release level of the SAP® application server is irrelevant.

Barcodes

- *More than 80 Linear, 2D and Composite Barcodes*
  PDF417, MicroPDF, DataMatrix (ECC200), MaxiCode, QR-Code, Codablock, EAN-UCC-Composite, RSS, GS1 DataBar, Aztec, ...
- *Unified Barcode Interface*
  TBarCode/SAPwin unifies bar-coding among different printer models. No device-specific configuration is required.
- *Perfect Barcode Quality*
  TBarCode/SAPwin generates crystal-clear barcodes with perfect readability.

In World-Wide Use
